## **Weekly Mango Languages Highlight**

Mango allows for Family Profiles! This is perfect for homeschooling parents who want to keep track of their kids' progress. Only one family member has a card or email? Not a problem! Up to five people can have profiles on one account.

## **Thanks For Making Cards**

Our staff has had the best time seeing the Valentines you've created! Everyone is so creative. Thanks to our patrons, we shared 25 cards with residents at local care facilities. We appreciate your help making the world brighter.

## **Olympic Fun at Moyer**

What are you the best at? Come make a medal at our Kid Craft Table to celebrate both the Olympics and your successes. If you're good at finding things, try our Scavenger Hunt. Search throughout the library for 10 Winter Olympic images. Before you go, grab a sports book. We have both fiction and nonfiction titles to enjoy.

### **Federal and State Tax Forms Now Available**

Illinois tax forms arrived! We received Form IL-1040 plus Schedule IL-E/EITC, Schedule ICR, and Schedule IL-WIT. Additionally, we have two Federal forms: 1040 (U.S. Individual Income Tax Return) and 1040-SR (U.S. Tax Return for Seniors).

We no longer receive instruction books and we are unable to request additional forms or copies. You are welcome to pick up these forms for free at Moyer while supplies last.

All forms and instructions may be found at (and printed out from) the IRS website: <https://www.irs.gov/forms-instructions>

### **Wildlife Visiting Moyer**

We are thrilled to share that on Saturday, February 21st from 10:30-11:30, the U of I Wildlife Ambassadors are returning to Moyer! All ages are welcome at this free program. Children must attend with a caregiver. During this program, we will learn about each animal's story and fun facts about their species. Questions will be welcome.

**\*\*Please note that no food or drinks will be allowed in the program room.\*\***

These animals were originally brought to the U of I's Vet Med Clinic as patients. They were unable to fully recover and would not survive life in the wild. As ambassadors, they help "educate the public about wildlife, conservation, and ecosystem health."

Three or four ambassadors will visit Moyer. Learn about our visitors at their website:
